

# Narala Manikumar

## Python Full Stack Developer

+91 6281864530 · manikumarnarala48@gmail.com · LinkedIn · GitHub · Portfolio  
HITEC City, Hyderabad, Telangana 500081

## Technical Skills

---

**Languages:** Python, JavaScript, SQL

**Frontend:** React.js, HTML5, CSS3, Bootstrap

**Backend:** Django, Django REST Framework, RESTful APIs

**Databases:** MySQL

**Concepts:** OOP, MVC/MVT, CRUD

**Tools:** Git, GitHub, VS Code, PyCharm, JIRA, Agile, Vercel

## Professional Summary

---

Python Full Stack Developer with hands-on experience building RESTful APIs, Django backends, and React frontends. Built a credit risk engine that automated loan eligibility decisions for 500+ applicants and reduced manual assessment time by 40%.

## Work Experience

---

**MonkCapital Pvt Ltd – Credit Risk Analytics Intern** monkcapital

*Dec 2025 – Apr 2026*

- Engineered automated loan eligibility decisions for 500+ applicants using Python, FOIR rule logic, and CIBIL XML parsing, resulting in a 40% reduction in manual credit assessment time.
- Parsed and extracted repayment obligations from structured XML data across 10+ financial institutions using Python's XML libraries, resulting in 98% data extraction accuracy.
- Implemented rule-based approval logic for secured, unsecured, and joint loan types using conditional Python workflows, resulting in fully automated decisions delivered in under 2 seconds per application.

**KIT Skill Hub – Full Stack Intern** KIT Skill Hub

*Apr 2025 – Oct 2025*

- Rebuilt the employee management system's frontend and backend using React.js and Django REST Framework, resulting in a 30% reduction in data entry time through an improved UI and streamlined CRUD operations.
- Designed and deployed RESTful APIs using Django and Python, resulting in consistent sub-300ms response times across 100+ concurrent requests.
- Implemented role-based access control using Django's authentication system, resulting in secure, permission-tiered access for 50+ internal users across multiple roles.

**Wipro Pvt Ltd – Associate**

*Nov 2024 – Mar 2025*

- Audited 200+ websites for performance and security compliance, flagging 15% as fraudulent or non-compliant.
- Produced weekly quality reports that reduced team's manual review effort by 20%.

## Personal Projects

---

**Fire Up The Grill – Restaurant Landing Page** (React.js, CSS, Vercel, Component Architecture) Fire Up The Grill

- Built a fully responsive landing page using React.js and Tailwind CSS with component-based architecture, deployed on Vercel.
- Implemented lazy loading and image optimization, achieving a 90+ Lighthouse performance score.

**E-commerce Store – Team Project** (HTML, CSS, Git, 4-member team)

- Developed responsive product listing and cart UI using semantic HTML and CSS across mobile and desktop.
- Managed version control using Git in a 4-member team with clean feature branch integration.

## Education

---

**MCA**, VSM College, Ramachandrapuram – 2025

CGPA: 8.5/10

**B.Sc. (Data Science)**, VSM College, Ramachandrapuram – 2023

CGPA: 8.1/10

## Certifications

---

- NCC 'C' Certificate – Discipline & Leadership
- Advanced Software Engineering Job Simulation – Walmart USA
- Software Development Job Simulation – Datacom
- Front-End Software Engineering Job Simulation – Skyscanner
